

### Part 1. Describe OECD Chart Data

You will need to study four charts of OECD data. During the exam you will get one of these charts. You will need to answer 6 questions.

1. What is it?
2. What is being counted?
3. What is the unit of measurement?
4. Describe Korea's current situation.
5. Compare Korea's past and present?
6. Describe Korea's past and present compared to other countries.

There are four charts that you need to review and study. These are the same charts we studied in class. The chart names are:

1. CPI: All items
2. Real GDP Growth
3. Public Finance – Total Tax Revenue
4. Self-Employment Rates: total

### Part 2. Mini Speech

Use the Six Hats to talk about these topics. Your answer will probably need to be at least 20-30 seconds.

Globalization                      Conglomerates  
Air travel                              Working for a small business                      Being a vegetarian

### Part 3. Superlatives and Comparatives

Make questions and answers with superlatives **and** comparatives these words.

Big	Good	Happy	Terrifying	High
