

20. MAKE A NEW NUMBER

What math symbol can you put between the 3 and 9 to make a new number?

The new number should be bigger than 3 and less than 9.
What is the symbol and what is the new number?

3 9

21. FILL IN THE BOX

What number belongs in the space with a question mark? Why?

14	9	5
21	8	13
28	9	?

22. DRESSER OF SOCKS

John has a dresser filled with socks. There are 20 black socks and 20 blue socks.

The room is dark so he can't see the colors easily.

How many socks must he take out of the dresser to be sure he has a pair of matching colors? Why?

23. BOXES OF SHOES

Your family is moving to a new apartment. You are helping to pack up all of your things and put them into boxes.

There are 47 pairs of shoes. Each box holds 30 shoes. How many boxes do you need?
