

## WHICH ONE IS DIFFERENT? STUDENT A

---

### Part 1

Each line has four words. Read one line to your partner. Ask your partner to choose a word that is not the same as the others. Your partner must give a logical answer to explain why the word is different. There is no right or wrong answer. Only logical and illogical answers.

Is your partner's answer logical? You must find a different answer and explain why that word is different.

Do not show your partner the words. This is a speak, listen and think exercise.

1	there	war	son	cake
2	umbrella	belt	boots	sweater
3	ankle	liver	wrist	elbow
4	soy milk	tea	coffee	hot chocolate
5	chord	chaos	church	stomach
6	eagle	tiger	bear	human
7	student	principal	janitor	teacher
8	laugh	have	graph	half
9	sun	wore	here	big

### Part 2

Your partner will read four words to you. Listen and choose one word. Explain why it is different with a logical reason. To make your answers, you might use sentences like these:

Bat – chicken – penguin - ostrich

Bat is different. Bats can fly. The others are birds but they can't fly.

## WHICH ONE IS DIFFERENT? STUDENT B

---

### Part 1

Each line has four words. Read one line to your partner. Ask your partner to choose a word that is not the same as the others. Your partner must give a logical answer to explain why the word is different. There is no right or wrong answer. Only logical and illogical answers.

Is your partner's answer logical? You must find a different answer and explain why that word is different.

Do not show your partner the words. This is a speak, listen and think exercise.

1	sneeze	blink	yawn	whistle
2	waited	walked	wanted	decided
3	fork	spoon	chopsticks	knife
4	cabbage	kiwi	carrot	lettuce
5	ball	hall	bowl	fall
6	look	weigh	cut	like
7	rough	cough	tough	enough
8	pineapple	broccoli	lettuce	radish
9	food	wood	good	should

### Part 2

Your partner will read four words to you. Listen and choose one word. Explain why it is different with a logical reason. To make your answers, you might use sentences like these:

Bat – chicken – penguin - ostrich

Bat is different. Bats can fly. The others are birds but they can't fly.
