

SMARTPHONE

Hi

My name is Rob Whyte and I want to buy a Smartphone but I am not sure which one to buy.

Can you help me?

I am a writer and I often travel in rural areas without access to a computer or electricity. I need a Smartphone which can take good quality pictures, has lots of memory and lots of battery life. Price is important but getting a phone with the features I need is important.

I am looking at the Apple iPhone 4S and Samsung Galaxy S4. Can you please compare these two products and recommend one that would work well for me?

Many thanks,

Rob

Average customer rating	4 stars (out of five)		4.5 stars (out of five)

HYDRID CAR

Hi,

My name is Rob Whyte and I want to buy a hybrid car but I'm not sure which one is best for me.

Can you help me?

I am looking for a hybrid car that will help me save money. The car will mostly be used for driving in the city. You know, going to the supermarket, picking up the kids from school and driving to work. Things like that. It is possible that I might drive the car on weekend trips.

I am looking at the Honda Civic Hybrid and Hyundai Sonata Hybrid. I am most concerned cost, reliability and comfort for my family (4 people plus a dog).

Can you please compare these two products and recommend one that would work well for me?

Many thanks,

Rob
