Part 4

did you no that bats are mammals. we no they are mammals just like us because they are warm-blooded they are the only mammals that no how to fly bats are Nocturnal, which means they sleep during the day and are awake at night?

Part 5

bes are intresting animals. A honey be can fly at a speed of 15 miles per hour a hive of honey bees has about 40,000 bees in it? the honey bee has five eyes! a worker bee will mak 1/12th of a teaspoon of honey over it's lifetime? Bees have been making honey for about 150 million years

Part 6

did you know that a person can live without food for more than a hole month a person can only live four about won week without water we need water more then we need food. 97% of earths water is in the oceans. Just 3 % of the earths water can be used four drinking. 75% of the worlds fresh water is frozen in the north and south polar ice caps.

ANSWERS

Part 1

January 21, 1976, was **a** special day. On that day, two supersonic Concorde aircraft made **their** first flights. **One** took **off** from London and the other left **Paris**. Later that year, the first Concorde flew to New York. The flight from London to New York took about three **hours**. Other planes took twice the time to make that flight. The fleet of Concordes was **retired** in 2003. Over the years, the planes had **carried** more **than** 2.5 million passengers.

Part 2

Do you know **where** the longest **road** on Earth can be **found**? The Pan-American Highway begins in Alaska. It passes through Canada, **the** United States and Mexico. **Then** it continues down the west coast of South America all the way to **Chile**. Altogether, the highway passes through 12 **countries**. It passes through jungles and mountains. **The** road is about 16,000 miles long.

Part 3

Are you familiar with the work of **Marie Curie**? Born in Warsaw, Poland, on November 7, 1867, Curie was a **chemist** and physicist. She and her husband, **Pierre**, won the Nobel Prize in 1903 for **their** discovery of the element radium. In 1911, Marie **became** the first person to win the **Nobel** Prize twice. **She** won the second award for her study of radioactivity. Marie died in 1934 from cancer caused by her contact with radiation.

Part 4

Did you **know** that bats are mammals? **We know** they are mammals just like us because they are warm-blooded. **They** are the only mammals that know how to fly. **Bats** are **nocturnal**, which means they sleep during the day and are awake at night.

Part 5

Bees are **interesting** animals. **The** honey **bee** can fly at a speed of 15 miles per hour. **A** hive of honey bees has about 40,000 bees in it. **The** honey bee has five eyes. A worker bee will **make** 1/12th of a teaspoon of honey over **its** lifetime. Bees have been making honey for about 150 million years.

Part 6

Did you know that a person can live without food for more than a **whole** month? **A** person can only live for about **one** week without water. **We** need water more than we need food. 97% of earth's water is in the oceans. Just 3 % of the earth's water can be used for drinking. 75% of the world's fresh water is frozen in the north and south polar ice caps.
