

Micro Lesson 3: Find Elements of Cohesion Worksheet 14-7

Instructions

Read the paragraph below. Find and describe words and phrases that help create cohesion.

Walking down the street, I noticed a new bookstore in my neighborhood. The front of the store looks like an old English shop with a large wooden door that is surprisingly heavy. Just inside the front door, there is a small box with used books. Oddly, they are on sale for \$1 per kilogram. Near the back of the store, a very wide bookshelf holds classics like Shakespeare's Romeo and Juliet. Beside the cash register opposite the front window, there is a magazine rack with The Economist and Time. In short, I'll be spending a lot of time here, which is right around the corner from my house.
