my class is going on a trip next week. Were going to an exhibit called "Dinosaurs: Ancient fossils, New discoveries." The trip is at Monday, and Im really excited about them. I am the only one in my family who has not see this exhibit yet. I have always been interested dinosaurs. I asked my mom if the exhibit has a lot of information about the Tyrannosaurus, but she could not remember. I guess I will have to wait until next week's trip. To find out!

## Answers

My sister's home on Jefferson Street is terribly noisy. Every five minutes or so, a monster jet takes off from the nearby airport, and its screeching makes everyone quiet until it has passed. Then there is the noise from the heavy traffic in front of the house. Last is the noise from the bulldozing for the apartment complex in the back of my sister's house. My sister's home is definitely a noisy place.
