

## 23 MONEY

### 102. RHYMES

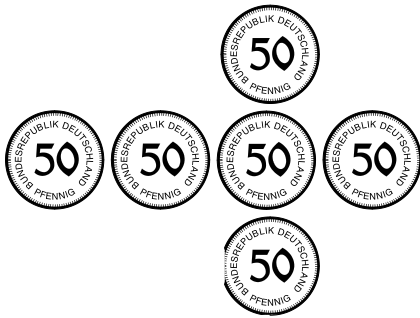

Write two rhyming words for each question.

	dollar	bank	sale
1	_____	_____	_____
2	_____	_____	_____

### 103. SIX COINS

Below, you can see two lines of coins. One line has four coins. The other line has three coins. Move one coin so that both lines have four coins.

What coin should you move and where does it go?

### 104. GREAT GRANDPA

Great Grandpa Ken had \$600,000. He gave two fathers and two sons an equal amount of money. Each person got \$200,000.

How was that possible?

### 105. BAG OF NUTS

A large bag of chestnuts costs ten dollars. The chestnuts cost nine dollars more than the bag. How much does the bag cost?

### 106. SPLIT THE BILL

Jim buys \$200 worth of office supplies and Sherry buys \$40 worth of paper. If they want to share the costs equally, how much money does Sherry owe Jim?
