

01 ANIMALS

1. MONKEY IN THE WELL

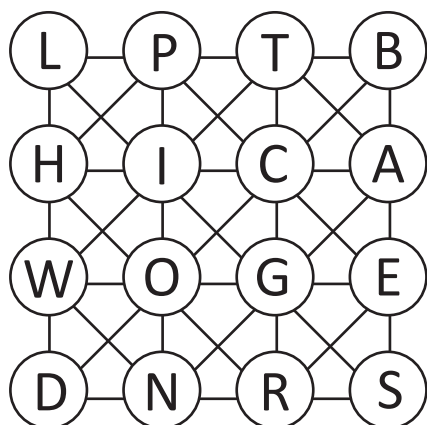

There is a monkey at the bottom of a well. The well is 30 meters deep. Each morning, the monkey climbs up three meters. Every evening, the monkey slides down two meters.

There is no water in the well and there are no tools. How long will it take the monkey to get out of the well?

2. ANIMAL MAZE

The names of nine animals are in the maze. Start at any letter. Move along any line to join letters and make a word. Can you find all nine animals?

4. WHAT AM I TALKING ABOUT?

An eagle and an elephant have two each. A tiger, moose and bear have one each. But humans and gorillas don't have it. What am I talking about?

5. FIND THE ANIMALS

Read the sentences below. Look carefully and you will see groups of letters that make animal names.

Can you find the animals?

For example, "I'll **be** eleven next week" has the word BEE.

- He will go at six o'clock.
- It's nice to do good work.
- Please bring some soap and a big bag.
- The construction workers will need to use a ladder.
- The students came late to class.
- Tell me if I should start now.

3. HOW MANY DOGS?

Walking in the park one day I saw a group of dogs. I saw a dog in front of two dogs, a dog behind two dogs and a dog between two dogs.

How many dogs did I see?
